

Problem of the Month

RULES

- ❖ You must be an undergraduate student enrolled in coursework at WSU.
- ❖ Write your solution clearly and show all your work.
- ❖ If there is more than one sheet, secure all your pages together before submitting.
- ❖ Take your solution to the Math Office (Jabara 355) on the main campus and give to one of the administrative assistants to place in the Problem Solving Competition box.
- ❖ Include your full name, myWSU ID, address, phone number, email address, and the date and time of your submission.

A new problem will be displayed the first week of each month of the fall and spring semesters.

The first completely correct solution will receive a certificate of recognition and a small gift.
