9 September, 2011

The department of Mathematics, Statistics and Physics is pleased to announce our search for two instructors of physics to teach mainly introductory and engineering physics. Wichita State University, along with other Kansas state funded universities are under Board of Regent and Kansas Legislative mandate to increase the number of and retention of engineering students. Because of the pending increase in the number of engineering physics students we are planning to offer more engineering physics sections while at the same time to decrease class size.

Please take this opportunity to share this advertisement with your university’s physics department, students, or alumni that might be interested in one of our positions.

Dr. Jason Ferguson
Search committee chair

Instructors of Physics

Wichita State University Department of Mathematics, Statistics, and Physics, is looking for two Instructors of Physics, to begin in spring semester 2012. The positions are for one year, renewable annually for up to six years. The successful candidates will teach introductory physics full time, mainly at the calculus level. Required qualifications are: a master's degree in physics or a closely related subject, with at least 18 graduate credit hours in physics; a strong interest in and aptitude for teaching; and outstanding oral and written communication skills. Interest and experience in modern physics education pedagogy (for example, interactive response systems, constructivist methods, and distance learning) is preferred. Applicants will need to provide a letter of application, with a cv, transcript, a statement of teaching philosophy and experience, and three references. Applications are submitted at https://jobs.wichita.edu. For more information, contact Prof. Jason Ferguson, Search Committee Chair, Department of Mathematics, Statistics, and Physics, at jason.ferguson@wichita.edu. All offers of employment are contingent upon completion of a satisfactory criminal background check as required by the Board of Regents Policy. WSU is an AA/EEO employer.
