Honors track in Mathematics

To fulfill the Honors degree requirements in Mathematics and Statistics the student must complete the following:

All courses listed in Group R (Math 415, 511, 547, 551, 555)
Math 513
Math 640
Plus three additional courses selected from those listed in Groups A, B, and C.

In addition, all majors are required to take a high level computer programming language.

The above work must be completed with a grade point average of 3.5.

Since it is common for students completing the above program to continue on to pursue a graduate degree in mathematics, it is recommended that the student complete a courses in at least one of the following languages: French, German or Russian.
